Note from Director

It is hard to believe that spring is already here!

We will be talking to the children about the joys of spring and the excitement of watching the trees come back to life.

We truly value all the efforts you all put in to supporting our school and staff. We will continue to care for your children at the same high standards you have become accustomed to.

We will continue to keep you updated on any new developments and communicate any changes to you via email. Please feel free to reach out with any questions, concerns and compliments
